Revision of By-Laws

All proposed changes to the Bylaws of the Operating Staff shall be announced at a regularly stated meeting; voted on at that same meeting and passed by majority vote. The exception to this would be if any OS member present requested to hold the vote for further consideration to the next meeting.

[Revised and adopted 10/14/09]

At the May 17, 2017 a major revision was done to the Bylaws precipitated by a request from the President to cut down on the number of committees in each constituency. duties of the Technical and Welcoming Committees, the UPD took over the Parking Committee and the PBLG was dissolved entirely.

Appendix

The committee is responsible for making sure all changes and updates are added to the constitution and reflected in the online documents and that the change/update date is added to the document. The committee will ensure that the Operating Staff Executive Council, Committee Members & Representatives List of elected positions and the corresponding references to these positions in the constitution are the same and that all positions that are elected have a description in the bylaws. The committee is responsible for maintaining a digital and hard copy version of the current bylaws along with maintaining historical paper versions. The committee will also retain digital and hard copies of the bylaw change/update requests. These documents both digital and paper will be passed onto newly elected members. At the September 28, 2011 Special OS Bylaw Meeting it was voted that the bylaws committee does not have to bring editorial changes to grammar, spelling, punctuation, and/or changes to the format/layout of the bylaws up for a vote as long as any of these changes have no effect on the meaning or purpose of the statements involved.

Nomination Committee:

**Duties:**

- The Nominating Committee does not meet on a regular basis. The work of the committee is somewhat limited to the months of March through June. Meetings are called on an as needed basis.
- One member of the Nominating Committee will be assigned the Record Keeper. This person will hold the electronic files for the committee along with keeping the original document up to date throughout the year with changes. The Speaker should be reminded at the beginning of each academic year the need for communication to the Nominating Committee for all committee member changes as they occur.
- Committee meets mid-March to discuss process/create timeline for upcoming elections.
- Beginning of April attain a list of eligible OS members from Human Resources to determine voting pool.
- If approved by Speaker, send Nominating Ballot to be created as an electronic survey to whoever is current campus contact. During the 3rd week of April Nominating Ballots are sent out via email to the OS list serve and includes an attachment of the OS member list from HR for voter reference sorted by area first then alphabetically.
- The Nominating Ballots should have write-in box for each vacant position and a text box that includes this statement in the header:
  - “Nominees can voluntarily submit a one paragraph statement that would be included on the Voting Ballot about why they are interested in the position. Please note the submission of
a statement is voluntary and is not reflective of a candidate’s level of interest in the position if they choose not to submit one.”

- Send paper copies to Physical Plant for employees without access to a computer.
- Allow 7 business days to return the nominations, deadline is noted on the ballot.
- Send out an email reminder on the 6th day. Tally nominations, determine eligibility and contact each person (by email or phone) for denial or acceptance. Along with a link to the bylaws that explains the committee’s role/responsibilities.
- Process responses.
- Contact current committee members whose term is expiring to see if they wish to stay on in the position for the next term. If they agree the nominating committee would then nominate them, if they were not already nominated by the OS members.
- When the official ballot is made the word incumbent in parentheses should be placed by the name of those current members who wish to have their name on the ballot again.
- Create ballot and send to Speaker for approval.
- Send ballot to be created as an electronic survey to whoever is current campus contact. By the 3rd week of May send out the voting ballot. The voting ballot will include a write-in box for each vacant position. Create the ballot in a word document and send to the representative that creates the survey. This representative creates the online ballot and sends it out to OS via email.
- Send paper copies to Physical Plant.
- Allow 7 business days for the ballots to be returned.
- Tally votes and contact newly elected members by phone or email. Candidates with most votes will be elected. List fellow committee members in the email.
- Notify the Technical Committee of the election results so that they can be posted.

Notes and Special Policies:
OS members may only serve on two committees at a time. If they have another year to serve on a current committee, they will need to complete that term. If elected to two new committees in the current election, they will need to choose only one to serve on.

Vacant SPPC positions will appear on the ballot. These two SPPC representatives also serve as the Welfare representatives in the “At-Large” category. These two Welfare positions should not appear on the ballot.

New members are announced at the June OS meeting.

When tallying votes each position on the ballot will be tallied separately.

If an OS member receives the most votes on any committee, but has won more than two committee positions, they will have the option of choosing which two committees they wish to serve on. The second person with the most votes would win the position on the committee not chosen by the first.

The Nominating Committee will work with the Speaker to communicate vacancies for appointed and elected positions that open after the formal elections by asking for volunteers. If there is more than one volunteer for a vacancy, it will go to a ballot vote. Volunteers can submit a one paragraph statement about why they are interested in the position, which will be included on the ballot.
The ballot should include that a submission of a statement is voluntary and is not reflective of a candidate’s level of interest in the position if they choose not to submit one.

If you have just write-ins – you would find who had the most votes and that person would be offered the position. If they decline, the person with the next highest number of votes is asked. If you have names and write-ins – the only time you offer the position to the write-ins is if the write-ins have more votes than someone on the ballot.

Please be aware that Physical Plant operating staff members may not be reading emails. Please use additional methods to reach these staff members throughout the election process. Methods may include, paper notifications in mailboxes, messages sent to supervisor or admin assistant.
